

Our Programs

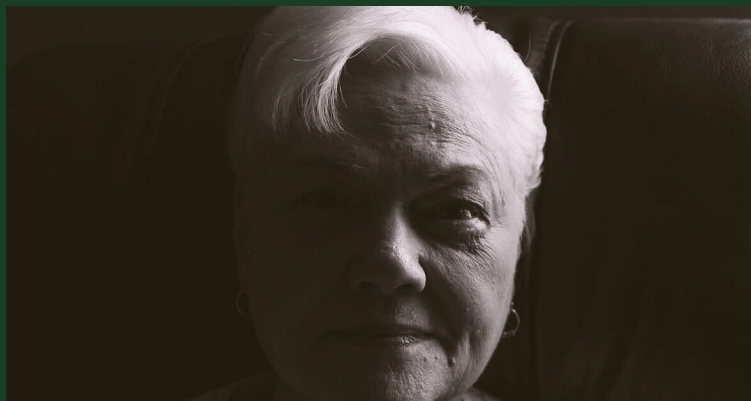

We offer a fully integrated, lifespan-based model grounded in:

- ABA-informed principles
- Montessori philosophy
- Person-centered care

Programs Include:

- Adult Day Program
- Dementia Services
- In-Home Cognitive Support
- Art and Music Engagement Across the Lifespan
- Waverly Manor Academy (Integrative Preschool)
- ABA Consultation

All programs are designed to foster independence, regulation, connection, and meaningful engagement — at every stage of life.

One community. Every age. Every ability.

Who Helps Us

Waverly Manor is supported by a trusted network of professionals who help ensure our programs are clinically informed, developmentally appropriate, and consistently high quality. Our work is strengthened through collaboration with specialists in behavioral health, education, cognitive support, and community enrichment.

This includes curriculum and program design professionals, behavior and learning specialists, dementia informed support professionals, trained facilitators, and vetted community partners.

Together, this team approach helps us deliver programming that is engaging, structured, compassionate, and effective across every age and ability

Community Education & Healthcare Support

We extend our mission beyond our walls through education and professional support.

Community Education Includes:

- Family support groups
- Caregiver consultation
- Workshops & education series
- Practical tools for daily life

Healthcare Support Solutions:

- Staff education & training
- Cognitive Comfort™ Facilitator Training
- Cognitive Comfort™ Kits for facilities and families

Education builds confidence.

Connection builds strength.

Community builds belonging.

Our Model

Our intentionally intergenerational model brings people together across the lifespan — because connection builds stronger individuals, families, and communities.

Our Three Pillars:

- ✓ Evidence-Based Practice
Built on modern research and best practices.
- ✓ Integrated Methodology
Blending ABA-informed strategies, Montessori learning, and person-centered care.
- ✓ Community-Centered Design
Spaces where people feel known, valued, and connected.

At Waverly Cognitive, every mind belongs.
